INDEX TO VOLUME 20, 1957

Acetylcholine, role in head injury, 70
ACKNER, B., and PAMPIGLIONE, G.: Some relationships between peripheral vasomotor and E.E.G. changes, 58
ADAM, J., and MITCHELL, R. G.: Urinary excretion of histamine in schizophrenia, 114
Adenoma, islet cell, electro-encephalography in case of, 260
Adrenal cortical insufficiency, manifestations of, occurring with pituitary tumours, 265
Aneurysms, intracranial, advantages of opening certain, 73, 165
———, ———, ruptured, treatment of, 159
Angiography, orbital, diagnostic value of, 231
ASKENASY, H., and BEHMOARAM, A.: Neurological manifestations in haemangioma of vertebrae, 276
Atrophy, transneuronal, in lateral geniculate body, 202
AUERBACH, I., *see* LEIBERMAN, D. M., HOENIG, J., and AUERBACH, I.

B

Backache, manipulative and operative treatment of, 73
BECKETT, E. B., and BOURNE, C. H.: Cholinesterase in normal and abnormal human skeletal muscle, 191
BEHMOARAM, A., *see* ASKENASY, H., and BEHMOARAM, A.
BEHRMAN, S., and KNIGHT, G. C.: Denervation of carotid sinus in carotid sinus epilepsy, 74
BENDER, M. B., POSTEL, D. M., and KRIEGER, H. P.: Disorders of oculomotor function in lesions of occipital lobe, 139
BERGIN, J. D.: Rapidly progressing dementia in disseminated sclerosis, 285
BIANCHI, M., and FRERA, C.: Case of brain gumma, 133
Books Received:
Arden House Conference. Ten million and one, 1957, 318
BALOGH, J. K., and RUMAGE, C. C.: Juvenile delinquency proneness, 1956, 157

BOURDILLON, R. B., *et al.*: The entry of radiosodium and of bromide into human cerebrospinal fluid, 79
BOURNE, G. H., *see* BECKETT, E. B., and BOURNE, G. H.
Brain abscess, haematogenous, problems presented by, 237
——, acute intradural haematoma, 69
——, arteriovenous malformations of, and their effect upon cerebral vessels, 241
——, bilateral hippocampal lesions, loss of recent memory after, 11
——, cerebellar tumour, unusual, with unusual metastases, 71
——, fatal damage to, by epileptic convulsions after trivial injury to head, 293
——, gliosis, infantile, with giant nerve cells, 117
—— gumma, case of, 133
——, intracranial aneurysms, advantage of opening certain, 73
——, —— meningiomas, recurrence of, after surgical treatment, 22
——, lateral ventricle, irregularities in contour of anterior part of, as shown in air encephalograms, 136
——, lesions of anterior striatum, significance of hyperkinesis in, in rhesus monkeys, 216
——, —— of occipital lobe, disorders of oculomotor function in, 139
——, subdural haematoma after air encephalography, 131
——, —— hydroma; problems of diagnosis, 69
—— swelling, experimental studies in, 70
—— tumours, Parkinsonism secondary to, 71
——, vascular disease of, widespread, unusual form of, 50
Bromide, entry of, into cerebrospinal fluid, 79

C

CALVERT, C. A.: Experiences in the treatment of ruptured intracranial aneurysms, 159
Capillary relationships in optic nerves, chiasma and tract, microdissection of, 232
Carcinoma, effects of section of pituitary stalk in, 75
——, secondary, pituitary destruction by injection of radioactive substances and section of pituitary stalk for, 75
CAREY, P. C.: Epidermoids of orbit, 236
Carotid sinus, denervation of, in carotid sinus epilepsy, 74
CARRASCO-ZANINI, J.: Arteriovenous malformations of brain and their effect upon cerebral vessels, 241
Cerebrospinal fluid, entry of radiosodium and of bromide into, 79
CHAMLIN, M.: Visual field changes produced by *x*-ray treatment of pituitary tumours, 231
Child, " limp ", 144
Chlorpromazine, effect on electroencephalogram of epileptic patients, 185
—— therapy, epileptic fits in leucotomized patients receiving, 105
Cholinesterase in normal and abnormal skeletal muscle, 191
Choreoathetosis, progressive familial, with cutaneous telangiectasia, 98
COLLETTE, J. M., *see* FRANCOIS, J., NEETENS, A., and COLLETTE, J. M.
CONNOLLY, C.: Effects of section of pituitary stalk in malignant disease, 75
Craniopharyngiomata, hormone replacement therapy in, 236
CRAWFORD, J. V.: Importance of shock in head injuries, 69
CROME, L.: Infantile cerebral gliosis with giant nerve cells, 117

D

DAVIES, F. L.: Pituitary destruction by injection of radioactive substances and section of pituitary stalk for secondary carcinoma, 75
Dementia, rapidly progressing, in disseminated sclerosis, 285
DIMANT, S.: Neurofibromas of sacral canal, 74
Disseminated sclerosis, abnormal immunological reactions in, 1
—— ——, rapidly progressing dementia in, 285
Dyslexia, 208

E

Electroconvulsive therapy and insulin coma, effect on 3 year prognosis of schizophrenia, 108
Electroencephalogram and peripheral vasomotor changes, some relationships between, 58
—— of epileptic patients, effect of chlorpromazine on, 185
Electro-encephalography in case of islet cell adenoma, 260
Electromyogram, Walton's frequency analysis of, 178
Encephalography, air, subdural haematoma in adult after, 131
Epilepsy, carotid sinus, denervation of carotid sinus in, 74
Epileptic children, conduct disorders in, 65
—— convulsions after trivial injury to head, fatal damage to brain by, 293
—— fits, occurrence of, in leucotomized patients receiving chlorpromazine therapy, 105
—— patients, effect of chlorpromazine on electroencephalogram of, 185
Epiloia, diagnosis of, 125
ERSKINE, C. A.: Microdissection of capillary relationships in human optic nerve, chiasma, and tract, 232
ESPIR, M. L. E., *see* SMITH, H. V., *et al.*
Exophthalmos, endocrine, ocular aspects of, 234

F

FABISCH, W.: Effect of chlorpromazine on electroencephalogram of epileptic patients, 185
FALCONER, M. A., and WILSON, J. L.: Visual field changes following anterior temporal lobectomy, 235
FEX, J., and KRAKAU, C. E. T.: Some experiences with Walton's frequency analysis of the electromyogram, 178
FISCHER-WILLIAMS, M., *see* BOURDILLON, R. B., *et al.*
FRANCOIS, J., NEETENS, A., and COLLETTE, J. M.: Vascularization of primary optic pathways, 232

FRERA, C., *see* BIANCHI, M., and FRERA, C.

G

Ganglia, basal, familial calcification of, with response to parathormone, 172
Geniculate body, lateral, transneuronal atrophy in, 202
GIBBS, J. R.: On the advantages of opening certain intracranial aneurysms, 73, 165
Gliomas, invasion of optic chiasma and optic nerves by neighbouring, 234
Gliosis, infantile cerebral, with giant nerve cells, 117
Globus pallidus, simplified neurosurgical technique for approaching and damaging region of, in Parkinson's disease, 47
GOLDBY, F.: A note on transneuronal atrophy in human lateral geniculate body, 202
GROSE, R. J., *see* MCKENDRICK, G. D. W., and GROSE, R. J.
GRUNBERG, F., and POND, D. A.: Conduct disorders in epileptic children, 65
Gumma of brain, case of, 133

H

Haemangioma of vertebrae, neurological manifestations of, 276
Haematoma, intradural, acute, 69
———, subdural, in adult after air encephalography, 131
Head injury, importance of shock in, 69
—— ——, role of acetylcholine in, 70
—— ——, trivial, fatal damage to brain by epileptic convulsions after, 293
Hippocampus, bilateral lesions, loss of recent memory after, 11
Histamine, urinary excretion of, in schizophrenia, 114
HOENIG, J., *see* LEIBERMAN, D. M., HOENIG, J., and AUERBACH, I.
HUDOLIN, V., and PETROVČIĆ, F.: Contribution to diagnosis of tuberous sclerosis, 125
——— —— ———: Irregularities in contour of anterior part of lateral ventricle as shown in air encephalograms, 136
HUGHES, B.: Blood supply of optic nerve and chiasma, 233
——— Role of acetylcholine in head injury, 70
HULME, A.: Acute intradural haematoma, 69
Hydrocephalus, post-inflammatory, ventriculo-peritoneostomy in, 70
Hydroma, subdural; problems of diagnosis, 69
Hyperkinesis, significance of, in lesions of anterior striatum in rhesus monkeys, 216

I

Insulin coma and E.C.T., effect on 3 year prognosis of schizophrenia, 108
Intracranial aneurysms, advantage of opening certain, 73, 165
——— ———, ruptured, treatment of, 159
——— meningiomas, recurrence after surgical treatment, 22
Irish Ophthalmological Society, joint meeting with Society of British Neurological Surgeons, 230
Islet cell adenoma, electro-encephalography in case of, 260
